

SPRING SUMMER 2013

Designers and makers of beautiful things

WE'RE DELIGHTED TO INTRODUCE OUR 2013 SPRING AND SUMMER RANGE TO YOU

We've been busy bees down in our Cornish studio and developed our very own collection of printed canvas, finally realising Poppy's dream of turning her sketches into fabric. We've used this to create a fabulous new accessories line, featuring lovely bags which are all made by our little team and we've put together a 'living the dream' tea towel, responding to the many requests we've received!

So find a comfy, quiet place, pour the tea and browse our catalogue and find yourself a little treat today (and don't forget to enter our new competition, so you can visit Cornwall and 'live the dream' too!)
